Subject: Mulatto Run

As the only non-profit organization in Madison County providing free education services to adults in Madison County, t Literacy Council encourages all adults who need our services to enroll in our programs with the aspirations of improving their lives, either with the earning of a GED® certificate or by improving basic reading, math, and literacy skills.

Because we agree that the term "mulatto" is a derogatory, offensive term which demeans many of our citizens, we strongly support the changing of the name "Mulatto Run" to the historically accepted "Pass Run".
