not participating in the SCOPES grant at UVA, funded by HRSA.

SCOPES is a 3-year, \$1.5 million HRSA workforce development grant that has been awarded to the UVA Department of Neurology and the UVA Department of Emergency Medicine. The program aims to establish a sustainable continuing education program for EMS and community healthcare workers, expand the use of prehospital telemedicine (TREAT), and enhance community health. Areas of focus include stroke, cardiovascular disease, community health and community paramedicine, and the use of telehealth technology.

I have registered the County as a vendor with UVA so payment can be made via paper check which will be Net 45.

I will talk with Noah about the best line item to place this funding.

Please let me know if you have any questions.
