RE: Reimbursement for pre-paid absentee ballot return envelopes

The General Assembly has taken recent legislative action requiring the following:

“The general registrar shall include with the absentee ballot prescribed in § 24.2-706 of the Code of Virginia, an envelope, properly addressed and postage prepaid, for the return of the ballot to the general registrar by mail for the general election and special elections held on November 3, 2020.”

The General Assembly has also appropriated up to \$2,000,000 to reimburse the localities for the cost of this prepaid postage. The reimbursement will begin after the November 3 election. Please keep detailed records of your absentee return envelope postage costs. Additional instructions on how to apply for this reimbursement will be forthcoming after the election.

This requirement can be met utilizing business reply permits, metered mail or postage stamps. The following page includes features and limiting factors of each option.

Our local registrar has informed us of the need to acquire a large number of stamps in order to meet Department of Elections requirements regarding absentee ballots.

My current understanding is that the State intends to reimburse local registrars for this expenditure, and that this reimbursement is not part of the CARES funding previously allocated to same.

Because this amount is not currently in our budget, I will need to process a supplemental appropriation in order to get this into our FY21 budget.

In order to do that, I need to understand what the funding source is for this. Will this be an additional CARES allocation (if so, I need a CFDA #), or will this simply be an additional reimbursement using State funds?

Thank you,

Mary Jane Costello

It was \$660 for 1200 stamps. I have given Bruce a copy of the receipt and coded it for now to come out of my postage budget unless you say otherwise.
