North Spring Behavioral Healthcare

800-777-8855
42009 Victory Lane, Leesburg, VA 20176

Horizon Program: Provides comprehensive assessment and individualized treatment services to adolescents who have been identified as needing treatment for sexually abusive behavior. The program is overseen by therapists, Certified Sex Offender Treatment Providers (CSOTP), and uses Mode Deactivation Therapy to interrupt the chain of thoughts and feelings that led to offenses.

Sunrise Program: Provides gender-specific, structured and nurturing treatment. The program is divided into two units by age and offers young women the opportunity to move past the obstacles that mental health problems, abuse and victimization have placed in their path. Therapies are carefully combined on an individual basis to provide an environment in which young women can heal and flourish. Treatment focusing upon sexual reactivity secondary to previous abuse is provided on an individual basis. In addition, North Spring Behavioral Healthcare has developed a Sex Trafficked and Exploited Girls Program.

Adventurers Program: Designed for the treatment of younger boys, who suffer from emotional, behavioral, and psychiatric disorders which have resulted in an inability to safely remain in the community. These children have typically suffered significant trauma in their lives, and need a safe place to heal. Our treatment team is able to provide for children with sexual reactivity, emotional volatility and difficulty in trusting adults.

Trailblazers Program: Designed for the treatment of child and adolescent boys who suffer from emotional, behavioral and psychiatric disorders. It is divided into two age specific units. These young men require intensive intervention in order to overcome repeated problems with school performance, substance abuse, and rebellion against authority.

Assessment and Diagnostic Program: Provides a secure facility for male and female children and adolescents, who would benefit from Psychological Testing and other additional evaluations in order to clarify diagnostic and treatment needs. Expected stays are 30-90 days. Clients receiving these services participate in all program components.

Stabilization Program: Serves children and adolescents who are in need of intensive residential care and treatment. This service is designed for non-hospitalized individuals experiencing an acute crisis that may jeopardize their current community living situation. It includes outcome-oriented, child and family centered individualized treatment. A short term stay, 30-90 days, to ensure safe return to community setting.

Battle Bldg., 4th Fl., 1204 W. Main St. Charlottesville, VA
22908

The UVA Child Development and Rehabilitation Center, formerly the Kluge Children's Rehabilitation Center or KCRC, is a place dedicated to serving children with special needs. Some kids need specific therapy or rehabilitation after an injury, accident or surgery. Others have a chronic illness such as diabetes or cystic fibrosis. Many families come to find out why their child is having difficulties walking, talking, learning or eating, or is experiencing behavior problems. Children and adolescents ages birth to 21 years are referred to one of our programs: outpatient specialty clinics or day treatment program.

The family is an important part of the treatment team at UVA. We know that the family is the constant in a child's life while health care providers vary over time. Because of this, we want families to work with our health care providers in all aspects of your child's care. We also realize that both medical and emotional needs must be considered to promote effective healing and rehabilitation, as well as adjustment to a child's activity limitations (functional abilities) or participation restrictions (roles in society).

DSS: MADISON COUNTY DEPARTMENT OF SOCIAL SERVICES

Madison County Department of Social Services

540-948-5521 FAX: 540-948-3762

101 S. Main Street, PO Box 176, Madison, VA 22727

Madison County Department of Social Services (MCDSS) provides a wide variety of benefits and services. Benefits include Medicaid and SNAP (formerly known as food stamps) Temporary Assistance to Needy Families (TANF), daycare assistance, energy assistance and emergency assistance. Services include protective services to vulnerable adults and children, preventative services to families with children and vulnerable adults and employment services.

Application for benefits is made on-line at <https://commonhelp.virginia.gov> or the Madison office. Eligibility determination is expedited when application is made on-line. If you wish to apply at the office, it is recommended that you call first. To qualify for benefit programs and services, you will be asked to verify such matters as residency, income and expenses, resources such as bank accounts, insurance, motor vehicles owned, etc. Hours: Monday through Friday, 8:15am – 4:45pm. Please call to schedule. To report suspected abuse or neglect of a child under the age of 18, call 1 800 552 7096 any time or the office 540-948-5521 during office hours. To report suspected abuse or neglect of a vulnerable adult (aged or with disabilities), call 1 888 832 3858 or the office 540-948-5521 during office hours.

Benefits:

Medicaid has several medical assistance programs that pay for health care visits for children and certain adults who are unable to pay for needed services. Covered individuals may be children, pregnancy women, and people with disabilities or elderly individuals. This is known as categorical eligibility. There are special provisions and several types of coverage for which you may qualify depending on your income, family size and circumstances. Individuals with severe mental illness may apply for Medicaid through Rappahannock Rapidan Community Services at 540 825 3100 as there are specific screening processes for “GAP” coverage. Call 1 855 635 4370 for more information. Screening for financial eligibility may include an assessment of both income and resources depending on which of the many Medicaid programs for which you may qualify.

Medicaid for Long-Term Care

LTC Medicaid covers long-term care in a community-based setting for individuals whose mental or physical condition requires nursing supervision and assistance with activities of daily living. Medicaid requires nursing supervision and assistance with activities of daily living. Medicaid requires both a functional and financial screening process prior to paying for long-term care services. A preadmission screening is required prior to admission to a nursing facility or waiver service if Medicaid is expected to provide payment. You may call Social Services to request a long-term care screening. Ask for Adult Services. To apply for Medicaid, go on-line to <https://commonhelp.Virginia.gov>, call 1 855 635 4370, or call the Madison office. No interview is required but you will receive assistance in completing an application if you call the toll free number 1 855 635 4370.

Temporary Assistance for Needy Families

TANF provides temporary financial assistance for eligible families with minor children in the home, who are financially needy and meet other requirements as well. An interview is required. TANF payments depend on the size of the family; a family may qualify while receiving income from other sources. Applicants must cooperate in naming the parents of all eligible children and help establish paternity. Some individuals qualify for TANF may be required to participate in VIEW, the Virginia Initiative for Employment not Welfare. VIEW participants can earn an income in addition to their TANF benefits but the total income may not exceed the federal poverty level for their family size. To apply for TANF go on-line to <https://commonhelp.virginia.gov> or call the Madison office.

Supplemental Nutrition Assistance Program

SNAP (formerly the Food Stamp Program) helps families buy nutritious food and seeds or plants to grow food. The benefits are distributed to families electronically. To apply for SNAP, go on-line at <https://commonhelp.virginia.gov> or call the Madison office.

Energy Assistance Programs

This program has three parts: fuel assistance, cooling assistance and crisis assistance. Each has different application dates: fuel assistance from the second Tuesday in October through the second Friday in November; crisis assistance (for energy-related emergencies) from November 1 through March 15; cooling assistance from June 15 through August 15. In addition, the department can help residents access energy assistance programs operated by utility companies. To apply for energy assistance, go on-line at <https://commonhelp.virginia.gov> or call the Madison office.

Child Care Assistance Program

This program provides funding to enhance the quality, affordability, and supply of childcare available to Virginia's families. To qualify, you must be a resident of Madison County and fall within the income guidelines, and must be working or attending school on a full-time basis. Program goals include providing low-income families with the financial resources to find and afford quality child care for their children, providing childcare to partners trying to achieve independence from public assistance, and promoting parental choice in the selection of child care. It also aims to empower working parents to make their own decisions on the child care that best suits their family's needs and provides consumer education to help parents make informed choices about child care. To apply for child care assistance, go on-line at <https://commonhelp.virginia.gov> or call the Madison office.

Services:

Adult Services

Adult Services coordinates and provides a range of services to maintain safe living conditions for incapacitated or elderly adults. These include assistance with emergencies, home-based companion services, in-home assistance with some activities of daily living, adult foster care and respite care, nursing home preadmission screening for impaired adults, Medicaid community-based care screenings and arrangement services, help with assisted Living placement and nursing home placement, and case management for adults who require coordination of services.

Adult Protective Services (APS)

Anyone living in Madison County who is 60 years or older or who is incapacitated and 18 years of age or older may receive protective services if services are needed, which is determined by a DSS social worker investigating reports or suspicions of abuse, neglect, or exploitation. Adult Protective Services are provided regardless of the person's income or financial resources. APS completes investigations in almost every setting including the home, assisted living facilities, nursing facilities and hospitals. APS does not investigate allegations of mistreatment in jails or prisons. To report suspected abuse or neglect of a vulnerable adult (aged or with disabilities) or to get more information about adult abuse and neglect, call 1 888 832 3858 any time or the Madison office 540-948-5521 during office hours.

Foster Care Services

DSS also provides services to foster children and their foster parents. Foster parents are professional parents who enjoy parenting and are willing to share their home, time, energy and love with children who have special problems. The children range in age from newborn to 18 years. Some have been victimized by abuse or neglect. Some may be physically or mentally challenged; some may have emotional or behavioral problems.

Sometimes, as a result of abuse, neglect, abandonment or a death in the family, courts decide that children must be temporarily separated from their families. To find out more about becoming a foster parent, visit <http://www.dss.virginia.gov/family/fc/>. A child's stay in foster care may be as short as overnight or longer depending on the permanency plan for the child. The goal is to reunite the children with their own families. When this is not possible, parental rights may be terminated and adoption becomes the goal for child. Often foster parents are the first choice for the child's adoptive home. In foster care, the department has legal custody of the child and assumes the ultimate responsibility for the child. A family will receive a maintenance payment on behalf of the child to help with expenses while a child is in their home. Children have medical and dental coverage while in foster care.

Family Services and Foster Care Prevention Services

Family Services are designed to assist children and families resolve crises, connect with necessary and appropriate services, and remain safely together in their own homes whenever possible. The goal is to prevent or eliminate the need for out-of-home placement of children, promote family strength and stability, enhance parental functioning and protect children. Call MCDSS and ask for the Family Services social worker on intake if you, your family or a friend are experiencing difficulties. 540-948-5521 during office hours.

Children's Services (CSA)

Services under the CSA may be available to a child who meets at least one of the following descriptions: youth who require private placement for special education, youth who are in foster care or eligible for foster care services, youth who are eligible for services through a Child in Need of Services determination or youth who have significant emotional or behavioral problems and may require services not available from any single agency, require services of multiple agencies, or may be at risk of residential placement. While most of the children who qualify for CSA services are already under the purview of one of the member agencies (Juvenile Court Services, Social Services, Community Services or the Public Schools) you may call the Children's Services Coordinator at 540-948-5521 to find out if you and your child are eligible for services. Visit http://www.csa.virginia.gov/html/for_parents/for_parents.cfm for more information.

One-Stop Career Resource Center

The resource center is open from 8:15am – 4:45pm and is available to all Madison county residents to assist in finding employment. The resource center is not an employment agency but encourages independent job search with multiple resources at your disposal. The following one-stop services are available free of charge: job postings direct from employers, various web pages, assistance with establishing new email accounts and job search Web pages, computer and internet access and referral for free computer classes.

HOSPICE AND IN-HOME CARE

Hospice care focuses on maintaining quality of life during the last chapter of a person's life. In most cases, it is paid for by Medicare. A physician's referral is required to start hospice care. Hospice provides support to the patient and family by keeping the patient as comfortable as possible, while maintaining his or her dignity and quality of life and allows the patient to remain at home as long as possible.

Hospices Serving Madison County

Hospice of the Piedmont

434-817-6900

675 Peter Jefferson Pkwy., Suite 300, Charlottesville, VA

Founded in 1980, Hospice of the Piedmont is the only community-based nonprofit hospice organization serving central and northern Virginia. We serve the counties of Albemarle, Augusta, Buckingham, Culpeper, Greene, Fauquier, Fluvanna, Louisa, Madison, Nelson, Orange, Rappahannock, and the city of Charlottesville. Hospice of the Piedmont provides high-quality, compassionate care to terminally ill patients and their families, plus grief support for community members coping with the death of a loved one. Hospice of the Piedmont is committed to providing care and support services to all members of our community regardless of their ability to pay.

In-Home Health Services and Personal Care

When an individual is stricken with a debilitating disease such as dementia or cancer, families may need in-home assistance. In some cases, a doctor may write a prescription qualifying a patient for in-home medical visits. In other cases, families may turn to a non-medical personal care agency, or to a company that provides both. This section lists the public agencies, nonprofit organizations and private companies working to meet the wide range of in-home care-giving needs.

Habitat for Humanity

540-948-3200

PO Box 171 Madison, VA 22727

Madison County Habitat for Humanity is part of a global, nonprofit housing organization operated on Christian principles that seeks to put God's love into action by building homes, communities and hope. Madison County Habitat for Humanity is dedicated to eliminating substandard housing locally and worldwide through constructing, rehabilitating and preserving homes; by advocating for fair and just housing policies; and by providing training and access to resources to help families improve their shelter conditions. Habitat for

Humanity was founded on the conviction that every man, woman and child should have a simple, durable place to live in dignity and safety, and that decent shelter in decent communities should be a matter of conscience and action for all.

Skyline Community Action Partnership – Housing Choice Vouchers

540-948-2237

532 South Main Street Madison, VA 22727

www.skylinecap.org

Formerly known as Section 8, the Housing Choice Voucher program assists eligible families with safe, affordable housing through a subsidized voucher or certificate program that provides financial help with monthly rental and utility payments. Skyline CAP, Inc. administers this program in Madison, Greene and Orange counties for Virginia Housing Development Authority (VHDA) funded through the U.S. Department of Housing and Urban Development (HUD). The voucher allows household to live in a home of their choosing as long as it meets standards for safety determined by the U.S. Department of Housing and Urban Development.

351 Lakeside Drive, Culpeper, VA 22701

<http://www.rurdev.usda.gov/va>

The USDA Rural Development provides single family housing loans and grants. Single Family Housing Programs provide home ownership opportunities to low- and moderate-income rural Americans through several loan, grant, and loan guarantee programs. The programs also make funding available to individuals to finance vital improvements necessary to make their homes decent, safe, and sanitary.

The Multi-Family Housing Programs offer Rural Rental Housing Loans to provide affordable multi-family rental housing for very low-, low-, and moderate-income families; the elderly; and persons with disabilities. This is primarily a direct mortgage program, but funds may also be used to buy and improve land and to provide necessary facilities such as water and waste disposal systems. In addition, deep subsidy rental assistance is available to eligible families.

VHDA
804-782-1986

VHDA is a self-supporting, not-for-profit organization created by the Commonwealth of Virginia in 1972, to help Virginians attain quality, affordable housing. VHDA provides mortgages, primarily for first-time homebuyers and developers of quality rental housing. We also teach free homeownership classes, and help people with disabilities and the elderly make their homes more livable. VHDA works with lenders, developers, local governments, community service organizations and others to help put quality housing within the reach of every Virginian.

MEDICAID AND MEDICARE

Despite the similarity in names, Medicaid and Medicare are two completely different programs. Contact DSS for Medicaid issues. For Medicare issues, including signing up for Part D coverage, contact Rappahannock-Rapidan Community Services at 540-825-3100 and ask for Poppy Foddrell, Aging Support Coordinator at ext 3427.

Medicare is a federal health insurance program for people age 65 or older, people under age 65 with certain disabilities, and people of all ages with end-stage renal disease (permanent kidney failure requiring dialysis or a kidney transplant).

Medicaid provides health coverage to low-income children and provides assistance for some low-income adults, such as pregnant women, parents of dependent children, blind or disabled individuals, individuals under hospice care, individuals age 65 or older, or other medically needed criteria.

In Virginia, the Governor's Department of Medical Assistance Services' (DMAS) is the agency that administers Medicaid and the State Children's Health Insurance Program (CHIP). In Virginia we call our children's program FAMIS. Check out www.famis.org to learn more. Call 800-772-9996 or contact the Department of Social Services with questions about Medicaid or FAMIS.

Medicare Part A Hospital Insurance – Most people don't pay a premium for Part A because they or a spouse already paid for it through their payroll taxes while working. Medicare Part B Medical Insurance helps cover doctors' services and outpatient care. Most people pay a monthly premium for Part B. Part D Prescription Drug Coverage – Most people will pay a monthly premium for this insurance; private companies provide the coverage. Beneficiaries choose the drug plan and pay a monthly premium. Like other insurance, if a beneficiary decides not to enroll in a drug plan when they are first eligible, they may pay a penalty if they choose to join later.

A good, complete and free Medicare guide is Medicare & You. Available at www.medicare.gov or call 800-633-4227 to have a printed copy mailed to you.

Wounded Warrior Project

877-832-6997

4899 Belfort Road, Suite 300, Jacksonville, FL 32256

Wounded Warrior Project® (WWP) serves veterans and service members who incurred a physical or mental injury, illness, or wound, co-incident to their military service on or after September 11, 2001 and their families. On that date, America watched in horror as approximately 3,000 people died including hundreds of firefighters and rescue workers. Many warriors note a sense of duty to volunteer for the military following these tragic events.

Sept. 11 also served as a stimulus for Operations Iraqi Freedom, Enduring Freedom, and New Dawn. Operation Iraqi Freedom refers to military operations in Iraq that began March 19, 2003 and officially ended August 31, 2010. Operation Enduring Freedom refers to combat

operations in Afghanistan and other regions in support of the Global War on Terror. Operation New Dawn refers to the conclusion of operations in Iraq beginning September 1, 2010 and ending December 15, 2011.

For WWP, there is a distinct difference between members and alumni; the term alumni indicates a mutual shared experience and denotes your place in an organization was earned. There are no dues here - those were paid by wearing the uniform and on the battlefield.
