June 27, 2020

FOR IMMEDIATE RELEASE

An employee of the Madison County Department of Emergency Medical Services (AKA “MEMS”) has tested positive for the COVID-19 “coronavirus” and is currently quarantining at home.

This employee is known to have had contact with other MEMS employees and also with members of the all-volunteer Madison County Rescue Squad prior to the diagnosis. MEMS is following appropriate protocol established by the Virginia Department of Health and the Centers for Disease Control, and contact tracing by the Virginia Department of Health is expected to begin Saturday morning.

Additional appropriate information on this situation will be posted on Madison County’s COVID-19 web page as it becomes available.

As always, Madison County thanks the members of its first responder team (firemen, law enforcement, dispatch, emergency medical/rescue squad, emergency management and others) for their work to keep Madison’s residents safe and healthy.

Issued by:
Jack Hobbs
County Administrator
