Rappahannock-Rapidan Medical Reserve Corps (RRMC)

640 Laurel St. Culpeper, VA 22701
540-317-4135
www.vdh.virginia.gov/mrc

A force of over 400 dedicated volunteers who stand ready to support the community in the event of a public health emergency. The RRMRC is comprised of teams of medical professionals as well as community members without medical training, who volunteer their skills, expertise and time to support ongoing public health initiatives and assist during emergencies throughout Virginia. It is one of 27 MRC units throughout Virginia that actively improve and protect their community's public health by supporting: health education and preventative health screenings; efforts to provide medical services to at-risk populations; communicable disease outbreak response; volunteer emergency preparedness training and exercises; and local, state and national response to terrorism attacks and disasters.

RESOURCE GUIDE

A Community Resource from Madison County Department of Social Services

Madison County Resource Guide is published annually and distributed at various locations through out Madison County. We try to ensure that all information published is accurate, the Madison Department of Social Services cannot be held responsible for any mistakes or omissions.

North Spring Behavioral Healthcare

800-777-8855

42009 Victory Lane, Leesburg, VA 20176

Horizon Program: Comprehensive assessment and individualized treatment services to adolescents who have been identified as needing treatment for sexually abusive behavior.

Sunrise Program: Gender-specific, structured and nurturing treatment. The program is divided into two units by age and offers young women the opportunity to move past the obstacles that mental health problems, abuse and victimization have placed in their path.

Adventurers Program: Treatment of younger boys, who suffer from emotional, behavioral, and psychiatric disorders which have resulted in an inability to safely remain in the community.

Trailblazers Program: Treatment of child and adolescent boys who suffer from emotional, behavioral and psychiatric disorders.

Assessment and Diagnostic Program: Secure facility for male and female children and adolescents, who would benefit from Psychological Testing and other additional evaluations in order to clarify diagnostic and treatment needs. Expected stays are 30-90 days. Clients receiving these services participate in all program components.

Stabilization Program: Serves children and adolescents who are in need of intensive residential care and treatment. A short term stay, 30-90 days, to ensure safe return to community setting.

Phoenix House

Auxiliary Grants Program. An auxiliary grant from DSS is an income supplement for individuals who receive Supplemental Security Income (SSI) and certain other aged, blind or disabled individuals who reside in a licensed assisted living facility (ALF) or an approved adult foster care (AFC) home. Payment is issued to an individual monthly, to be used with a designated amount of their monthly income to pay an ALF or AFC maximum monthly rate. This rate is determined by the Virginia General Assembly and is adjusted periodically.

Eligibility: Prior to admission to an assisted living facility, an individual must be assessed by an adult services social worker at their local department of social services or another qualified assessor. The individual

DSS: MADISON COUNTY DEPARTMENT OF SOCIAL SERVICES

Madison County Department of Social Services

540-948-5521 FAX: 540-948-3762

101 S. Main Street, PO Box 176, Madison, VA 22727

Madison County Department of Social Services (MCDSS) provides a wide variety of benefits and services. Benefits include Medicaid and SNAP (formerly known as food stamps) Temporary Assistance to Needy Families (TANF), daycare assistance, energy assistance and emergency assistance. Services include protective services to vulnerable adults and children, preventative services to families with children and vulnerable adults and employment services.

Application for benefits is made on-line at <https://commonhelp.virginia.gov> or the Madison office. Eligibility determination is expedited when application is made on-line. If you wish to apply at the office, it is recommended that you call first. To qualify for benefit programs and services, you will be asked to verify such matters as residency, income and expenses, resources such as bank accounts, insurance, motor vehicles owned, etc. Hours: Monday through Friday, 8:15am – 4:45pm. Please call to schedule. To report suspected abuse or neglect of a child under the age of 18, call 1 800 552 7096 any time or the office 540-948-5521 during office hours. To report suspected abuse or neglect of a vulnerable adult (aged or with disabilities), call 1 888 832 3858 or the office 540-948-5521 during office hours.

Benefits:

Medicaid has several medical assistance programs that pay for health care visits for children and certain adults who are unable to pay for needed services. Covered individuals may be children, pregnancy women, and people with disabilities or elderly individuals. This is known as categorical eligibility. There are special provisions and several types of coverage for which you may qualify depending on your income, family size and circumstances. Individuals with severe mental illness may apply for Medicaid through Rappahannock Rapidan Community Services at 540 825 3100 as there are specific screening processes for "GAP" coverage. Call 1 855 635 4370 for more information. Screening for financial eligibility may include an assessment of both income and resources depending on which of the many Medicaid programs for which you may qualify.

Medicaid for Long-Term Care

LTC Medicaid covers long-term care in a community-based setting for individuals whose mental or physical condition requires nursing supervision and assistance with activities of daily living. Medicaid requires nursing supervision and assistance with activities of daily living. Medicaid requires both a functional and financial screening process prior to paying for long-term care services. A preadmission screening is required prior to admission to a nursing facility or waiver service if Medicaid is expected to provide payment. You may call Social Services to request a long-term care screening.

Ask for Adult Services. To apply for Medicaid, go on-line to <https://commonhelp.virginia.gov>, call 1 855 635 4370, or call the Madison office. No interview is required but you will receive assistance in completing an application if you call the toll free number 1 855 635 4370.

Temporary Assistance for Needy Families

TANF provides temporary financial assistance for eligible families with minor children in the home, who are financially needy and meet other requirements as well. An interview is required. TANF payments depend on the size of the family; a family may qualify while receiving income from other sources. Applicants must cooperate in naming the parents of all eligible children and help establish paternity. Some individuals qualify for TANF may be required to participate in VIEW, the Virginia Initiative for Employment not Welfare. VIEW participants can earn an income in addition to their TANF benefits but the total income may not exceed the federal poverty level for their family size. To apply for TANF go on-line to <https://commonhelp.virginia.gov> or call the Madison office.

Supplemental Nutrition Assistance Program

SNAP (formerly the Food Stamp Program) helps families buy nutritious food and seeds or plants to grow food. The benefits are distributed to families electronically. To apply for SNAP, go on-line at <https://commonhelp.virginia.gov> or call the Madison office.

Energy Assistance Programs

This program has three parts: fuel assistance, cooling assistance and crisis assistance. Each has different application dates: fuel assistance from the second Tuesday in October through the second Friday in November; crisis assistance (for energy-related emergencies) from November 1 through March 15; cooling assistance from June 15 through August 15. In addition, the department can help residents access energy assistance programs operated by utility companies. To apply for energy assistance, go on-line at <https://commonhelp.virginia.gov> or call the Madison office.

Child Care Assistance Program

This program provides funding to enhance the quality, affordability, and supply of childcare available to Virginia's families. To qualify, you must be a resident of Madison County and fall within the income guidelines, and must be working or attending school on a full-time basis. Program goals include providing low-income families with the financial resources to find and afford quality child care for their children, providing childcare to partners trying to achieve independence from public assistance, and promoting parental choice in the selection of child care. It also aims to empower working parents to make their own decisions on the child care that best suits their family's needs and provides consumer education to help parents make informed choices about child care. To apply for child care assistance, go on-line at <https://commonhelp.virginia.gov> or call the Madison office.

Services:

Adult Services

Adult Services coordinates and provides a range of services to maintain safe living conditions for incapacitated or elderly adults. These include assistance with emergencies, home-based companion services, in-home assistance with some activities of daily living, adult foster care and respite care, nursing home preadmission screening for impaired adults, Medicaid community-based care screenings and arrangement services, help with assisted Living placement and nursing home placement, and case management for adults who require coordination of services.

Adult Protective Services (APS)

Anyone living in Madison County who is 60 years or older or who is incapacitated and 18 years of age or older may receive protective services if services are needed, which is determined by a DSS social worker investigating reports or suspicions of abuse, neglect, or exploitation. Adult Protective Services are provided regardless of the person's income or financial resources. APS completes investigations in almost every setting including the home, assisted living facilities, nursing facilities and hospitals. APS does not investigate allegations of mistreatment in jails or prisons. To report suspected abuse or neglect of a vulnerable adult (aged or with disabilities) or to get more information about adult abuse and neglect, call 1 888 832 3858 any time or the Madison office 540-948-5521 during office hours.

Foster Care Services

DSS also provides services to foster children and their foster parents. Foster parents are professional parents who enjoy parenting and are willing to share their home, time, energy and love with children who have special problems. The children range in age from newborn to 18 years. Some have been victimized by abuse or neglect. Some may be physically or mentally challenged; some may have emotional or behavioral problems. Sometimes, as a result of abuse, neglect, abandonment or a death in the family, courts decide that children must be temporarily separated from their families. To find out more about becoming a foster parent, visit <http://www.dss.virginia.gov/family/fc/>. A child's stay in foster care may be as short as overnight or longer depending on the permanency plan for the child. The goal is to reunite the children with their own families. When this is not possible, parental rights may be terminated and adoption becomes the goal for child. Often foster parents are the first choice for the child's adoptive home. In foster care, the department has legal custody of the child and assumes the ultimate responsibility for the child. A family will receive a maintenance payment on behalf of the child to help with expenses while a child is in their home. Children have medical and dental coverage while in foster care.

Family Services and Foster Care Prevention Services

Family Services are designed to assist children and families resolve crises, connect with necessary and appropriate services, and remain safely together in their own homes whenever possible. The goal is to prevent or eliminate the need for out-of-home placement of children, promote family strength and stability, enhance

parental functioning and protect children. Call MCDSS and ask for the Family Services social worker on intake if you, your family or a friend are experiencing difficulties. 540-948-5521 during office hours.

Children's Services (CSA)

Services under the CSA may be available to a child who meets at least one of the following descriptions: youth who require private placement for special education, youth who are in foster care or eligible for foster care services, youth who are eligible for services through a Child in Need of Services determination or youth who have significant emotional or behavioral problems and may require services not available from any single agency, require services of multiple agencies, or may be at risk of residential placement. While most of the children who qualify for CSA services are already under the purview of one of the member agencies (Juvenile Court Services, Social Services, Community Services or the Public Schools) you may call the Children's Services Coordinator at 540-948-5521 to find out if you and your child are eligible for services. Visit http://www.csa.virginia.gov/html/for_parents/for_parents.cfm for more information.

One-Stop Career Resource Center

The resource center is open from 8:15am – 4:45pm and is available to all Madison county residents to assist in finding employment. The resource center is not an employment agency but encourages independent job search with multiple resources at your disposal. The following one-stop services are available free of charge: job postings direct from employers, various web pages, assistance with establishing new email accounts and job search Web pages, computer and internet access and referral for free computer classes.

HOSPICE AND IN-HOME CARE

Hospice care focuses on maintaining quality of life during the last chapter of a person's life. In most cases, it is paid for by Medicare. A physician's referral is required to start hospice care. Hospice provides support to the patient and family by keeping the patient as comfortable as possible, while maintaining his or her dignity and quality of life and allows the patient to remain at home as long as possible.

Hospices Serving Madison County

Hospice of the Piedmont Regional Office

1540 Insurance Lane Bldg. E, Ste A Charlottesville, VA 22911

www.msa-cop.com

A specialized program of care provided for patients and their families who are facing life limiting illnesses.

In-Home Health Services and Personal Care

When an individual is stricken with a debilitating disease such as dementia or cancer, families may need in-home assistance. In some cases, a doctor may write a prescription qualifying a patient for in-home medical visits. In other cases, families may turn to a non-medical personal care agency, or to a company that provides both. This section lists the public agencies, nonprofit organizations and private companies working to meet the wide range of in-home care-giving needs.

Acti-Kare Responsive In-Home Care

HOUSING: SENIOR

Senior Housing apartment or condominium complexes usually restrict residency to those over 55 and offer various supports and sometimes group activities for senior citizens living independently. Other housing options offering increased support and services: assisted living facilities (ALFs) and nursing homes, which can also serve as rehabilitation facilities. Often, one site will offer assisted living and nursing care/ rehabilitation in different sections of the same facility.

Housing: Senior Assisted Living

Assisted Living, the largest growing type of senior housing, provides a special combination of residential housing, personalized supportive services and health care designed for the individual needs of those who require help with activities of daily living (dressing, bathing, grooming, etc.), but do not require the skilled medical care provided in a nursing home. Services and level of care will vary but most provide assistance with daily activities, meals, laundry and housekeeping.

540-948-4720

402 N. Main Street Madison, VA 22727

MEDICAID AND MEDICARE

Despite the similarity in names, Medicaid and Medicare are two completely different programs. Contact DSS for Medicaid issues. For Medicare issues, including signing up for Part D coverage, contact Rappahannock-Rapidan Community Services at 540-825-3100.

Medicare is a federal health insurance program for people age 65 or older, people under age 65 with certain disabilities, and people of all ages with end-stage renal disease (permanent kidney failure requiring dialysis or a kidney transplant).

Medicaid provides health coverage to low-income children and provides assistance for some low-income adults, such as pregnant women, parents of dependent children, blind or disabled individuals, individuals under hospice care, individuals age 65 or older, or other medically needed criteria.

In Virginia, the Governor's Department of Medical Assistance Services' (DMAS) is the agency that administers Medicaid and the State Children's Health Insurance Program (CHIP). In Virginia we call our children's program FAMIS. Call 800-772-9996 or contact the Department of Social Services with questions about Medicaid or FAMIS.

Medicare Part A Hospital Insurance – Most people don't pay a premium for Part A because they or a spouse already paid for it through their payroll taxes while working. Medicare Part B Medical Insurance helps cover doctors' services and outpatient care. Most

people pay a monthly premium for Part B. Part D Prescription Drug Coverage – Most people will pay a monthly premium for this insurance; private companies provide the coverage. Beneficiaries choose the drug plan and pay a monthly premium. Like other insurance, if a beneficiary decides not to enroll in a drug plan when they are first eligible, they may pay a penalty if they choose to join later.

A good, complete and free Medicare guide is Medicare & You. Available at www.medicare.gov or call 800-633-4227 to have a printed copy mailed to you.
