**Madison County Planning Commission
Workshop Meeting
February 19, 2020**

The Madison County Planning Commission Workshop meeting was called to order by Chair, Mike Mosko, in the County Administration Building auditorium at 7:00p.m. A quorum was established with all members present: Fay Utz, Francoise Seillier-Moiseiwitsch, Peter Work, Nan Coppedge, Mike Mosko, Mike Fisher, Danny Crigler, Steve Carpenter, and Pete Elliott. Also present were Ligon Webb, County Planner; Sean Gregg, County Attorney; Jack Hobbs, County Administrator; and Clay Jackson, BOS liaison.

Motion was made by Fay Utz to approve the agenda, adding a report of the BOS meeting, seconded by Steve Carpenter, and carried, with all members voting aye. Motion was made by Nan Coppedge to approve the minutes of the January 15, 2020 meeting as submitted, seconded by Fay Utz, and carried, with all members voting aye.

A copy of the Public Notice regarding nine **proposed Ordinance Amendments** to be heard at the March 4, 2020 Joint meeting/public hearing was included in the meeting packet. As these have been reviewed several times, there was no further discussion.

Mike Mosko reported from the BOS meeting, with no new assignments for the Commission.

Tracey Gardner reported that Madison County had applied for funds to offer **Opportunity Zones**, but was not selected. She further stated **Tourism Zones** offer free marketing, waive permit fees, etc., and that all or part of a county can be so designated. Mr. Webb said he has some experience with Enterprise Zones. Steve Carpenter asked them to develop information about Tourism Zones, benefits, etc.

Several **proposed By-law changes** had been sent to members prior to the meeting, suggesting changing the meeting time of workshop meetings to 6:30 p.m.; adding agenda approval, saying the Pledge of Allegiance, followed by a moment of silence to the Order of Business; changing "citizen" to "resident"; and other wordsmithing. Motion was made by Mike Fisher to approve the proposed changes, seconded by Fay Utz. Motion was carried with seven members voting "aye," and one "nay" from Pete Elliott. Mike Mosko will send an updated copy to members. Peter Work would like to add that the Secretary must be a member of the Planning Commission, which will be discussed at a future time.

The next meeting will be March 4, 2020. The meeting was adjourned at 7:34 p.m.

May 6, 2020

The Madison County Planning Commission meeting was called to order by Chair, Mike Mosko, in the County Administration Building auditorium, at 5:30 p.m., to avoid overlap with the BOS meeting. Due to the Covid-19 pandemic, the meeting was also available by conference call and on-line. A quorum was established with the following members present: Mike Mosko, Mike Fisher, Peter Work, Pete Elliott, Danny Crigler, and Steve Carpenter; and participating by telephone were Fay Utz, Nan Coppedge, and Francoise Seillier-Moiseiwitsch. Also present were Ligon Webb, County Planner; Clay Jackson, BOS liaison; Sean Gregg, County Attorney; and Jack Hobbs, County Administrator.

The Agenda was accepted, adding discussion of the By-laws.

Motion was made by Mike Fisher to approve the minutes of the March 4, 2020 Joint meeting as submitted (There was not an April meeting.), seconded by Steve Carpenter, and carried, with all members voting aye.

Ligon Webb reviewed that FEMA has updated the County's **Flood Plain areas**, and it must be approved by September 2020. Approximately 1,100 acres in Madison is in the Flood Plain. Letters were sent to all affected land owners, and there has been little response to that. As the Flood Plain is included in the Zoning Ordinance, the PC must act upon it, and will be discussing it soon.

The **By-laws** need to be reviewed to address several items:

- Va. Code requires PC to meet at least every two months, & meeting during emergencies
- Should members' compensation rate be in By-laws
- Election procedures to fill positions
- Duties of the Secretary and Zoning Administrator office
- Update that minutes are not read at the meeting, and that electronic mail is used

This matter was referred to the Business Committee, Steve Carpenter, Chair.

Motion was made by Mike Fisher, seconded by Steve Carpenter, and carried, with all members voting aye, to have the workshop meeting on May 20 at 6:30 p.m., and the June 1, Joint meeting at 5:30 p.m., with the BOS following at 7:00 p.m.

Motion was made by Danny Crigler, seconded by Mike Fisher, and carried unanimously to adjourn at 5:58 p.m.

The subject property is owned by Pete and Norma Nelson and is located on Ridgeview Road (Rt. 607) in Madison County. The property is roughly 15 acres and is identified on Madison County's Tax Maps as 24-37. As shown on the survey, the subdivision would create three (3) parcels (including the residual) of 4.1 acres, 4.2 acres and 6.5 acres; the parcels are accessed via three (3) existing entrances located on Rt. 607.

If acceptable please return with signatures in the space provided on the survey plats. You may mail back to the following address: Madison Building & Zoning, PO Box 1206, Madison, VA 22727.

Madison County Subdivision Officer

Re: Review of Proposed Subdivision Plat for Individual Onsite Sewage Systems
Subdivision, Tax Map/GPIN: 24-37

Dear Madison County Subdivision Officer:

On February 18, 2020 the County of Madison requested that the Virginia Department of Health, via the Madison County Health Department, review the proposed subdivision plat identified above.

This letter is to inform you that the above referenced subdivision plat is **approved** for individual onsite systems in accordance with the provisions of the *Code of Virginia*, the *Sewage Handling and Disposal Regulations* (12 VAC 5-610-10 et seq.), and the *Alternative Onsite Sewage System Regulations* (12 VAC 5-613 et seq.,).

This request for subdivision review was submitted pursuant to the provisions of Section 32.1-163.5 of the *Code of Virginia*, which authorizes the health Department to accept private soil evaluations and designs from an Onsite Soil Evaluator (OSE) or a Professional Engineer working in consultation with an OSE for residential development. This subdivision was certified as being in compliance with the Board of Health's regulations by Curtis Moore, Private OSE. This subdivision approval is issued in reliance upon that certification.

Pursuant to Section 360 of the *Regulations* this approval is not an assurance that Sewage Disposal System Construction Permits will be issued for any lot in the subdivision identified above *unless* that lot is specifically identified on the above referenced plat as having an approved site for an onsite sewage disposal system, and unless all conditions and circumstances are present at the time of application for a permit as are present at the time of this approval. This subdivision may contain lots that do not have approved sites for onsite sewage systems.

This subdivision approval is issued in reliance upon the certification that approved lots are suitable for "traditional systems," however actual system design may be different at the time construction permits are issued.

This subdivision approval has been issued in accordance with applicable regulations based on the information and materials provided at the time of application. There may be other local, state, or federal laws or regulations that apply to the proposed construction of this onsite sewage system. The owner is responsible at all times for complying with all applicable local, state, and federal laws and regulations. If you have any questions, please contact me at (540) 948-5481.

Sincerely,

Dwayne Dixon, Environmental Health Supervisor

Subdivision Request by Madison Home Inc (Pete & Norma Nelson)
to
Subdivide a 15 Acre Parcel Zoned A1 (Agriculture)

Background: This subdivision request is presented by Pete and Norma Nelson to subdivide an existing 15 acre parcel. The parcels contain three (3) existing single-family dwellings; and two (2) of the dwellings were utilized as assisted living homes for many years (5289 & 5227 Ridgeview Road). The subdivision would create two (2) new parcels with a residual, thus each dwelling would be on an single/individual parcel. The “new” parcels would be 6.5 acres and 4.2 acres; and the residue parcel would be 4.1 acres. VDOT has reviewed the subdivision and finds it to be acceptable. VDOT has signed the plat. Each parcel has a surveyed/mapped existing and reserve septic drain field. Madison County’s Department of Health (VDH) has signed the plats and provided an approval letter.

The subject parcel has not been subdivided in the past 10 years (“4 in 10 rule”) and each parcel has state maintained road frontage.

Subdivision Request by Madeline Tatum Carter Estate (Diane Atkins, Executor)

to

Subdivide a 155.8 Acre Parcel Zoned A1 (Agriculture)

Background: This subdivision request is presented by Diane Atkins to subdivide an existing 155.8 acre parcel. The subdivision would create three (3) new parcels with a residual. The “new” parcels would be 13 acres, 14.6 acres and 5.8 acres; and the residue parcel would be 122.2 acres. There is an addressed dwelling/structure on the residual parcel, but it appears to be in poor condition. VDOT has reviewed the subdivision and finds it to be acceptable. VDOT has signed the plat. Each parcel has a surveyed/mapped drain field. Madison County’s Department of Health (VDH) has signed the plats and provided an approval letter.

The subject parcel has not been subdivided in the past 10 years (“4 in 10 rule”) and each parcel has state maintained road frontage.

The proposed subdivision meets all County subdivision requirements.
